BOOK SYNOPSIS

Early Childhood Education: Becoming a Professional is an inspiring introduction to the world of early childhood education, preparing the teachers of tomorrow to reach their full potential in their schools and communities. Written by a diverse and experienced author team (Kimberly A. Gordon Biddle, Ana Garcia-Nevarez, Wanda J. Roundtree-Henderson, and Alicia Valero-Kerrick), this text engages readers to connect contemporary educational and developmental theory and research to developmentally appropriate practices and applications that are easily implemented in the classroom. In response to today's ever-changing educational environment, the text focuses on both the importance of taking personal and professional responsibility, as well as today's issues in diversity—from supporting children with exceptionalities to supporting children and families in broader cultural contexts.
