BOOK SYNOPSIS

Written for the general ophthalmologist, orthoptist, ophthalmic technologist, and subspecialists in strabismus, this guide outlines the most successful diagnostic and treatment methods. It also provides recommendations for consideration in treating patients. Chapters discuss the development of the disorder, diagnosis and evaluation, varieties of the problem and related difficulties, surgery, common mistakes, and the status of treatment in developing countries. A glossary is also included. Pratt-Johnson is professor emeritus in the Department of Ophthalmology at the University of British Columbia. Tillson is director of the Orthoptic Training Programme at the University of British Columbia. Annotation c. Book News, Inc., Portland, OR (booknews.com)
