BOOK SYNOPSIS

Tempest Braden adores her family and her small hometown, but sometimes too much of a good thing can be confining. At almost thirty, having watched most of her siblings find true love, she's anxious to experience her own happily ever after, and the move to Pleasant Hill, Maryland, is just the change she needs. When she rents a room from ruggedly handsome, and closed-off, artist Nash Morgan and his adorable son, Phillip, she thinks she's found a little slice of heaven on the outskirts of town, where she can concentrate on building her business. That is, if she can ignore the undeniable heat between her and the sinfully hot single father. When Nash bought his farmette, he had one goal in mind--to provide a loving, stable home for his son. He never imagined he'd be raising Phillip alone, or renting out a room to keep their heads above water. Then again, he never imagined losing his brother, or spending two years sailing around the world with parents who seemed to forget one son was still alive. Sparks fly from the moment Tempest moves in, and her positive energy and inquisitive nature brings new life into Nash and Phillip's quiet, confined world. For the first time in years, Nash wants to let a woman into his world, but while his loss made him stronger, that strength came at a price, leaving him walled off and wary of opening his heart again.
