BOOK SYNOPSIS

Rocket science is complicated, wine doesn't have to be! With information presented in an easy, illustrated style, and chock-full of the fool-proof and reliable knowledge of a seasoned oenophile, *Wine Isn't Rocket Science* is the guide you always wished existed. From how grapes are grown, harvested and turned into wine, to judging the color, aroma, and taste of the world's most popular varieties, to understanding terroir and feeling confident ordering and serving wine at any occasion, this book explains it all in the simplest possible way. Every page, every piece of information, and every detail is illustrated in charming and informative four-color drawings that explain concepts at a glance. Includes detailed information on the following varieties (wine made from a particular grape) in the order in which they're presented in the book: White Chardonnay Sauvignon
